## Scholarship Application

The California Subject Matter Projects have devised a scholarship program for a limited number of participants that are unable to secure funds to attend project-sponsored programs. Participants receiving scholarships will complete a form to be submitted to the California Department of Education indicating that they have not nor will not receive state, federal, or private funds (funds received through a school or school district) and will be paying for project services as an individual.

**The cost to the individual shall be \$240.00. Due with registration is the first payment of \$60. Then the balance of \$180 may be paid on the first day of project services or in three monthly payments of \$60 beginning with the first day of project services.**
